What the Boys are Doing Here and There

Phil Kearney writes that it is autumn in the Southern Hemisphere and the harvest season is over. Winter in New Guinea begins June 21. He now gets besides all the canned food he can eat, onions and potatoes and the addition of boiled potatoes to the canned food, makes the meals "de luxe." His second birthday in the army has passed with no word from home and he was feeling forgotten and neglected but two weeks later he received the birthday cablegram sent by mother and sister, a little late but none the less welcome. He had just finished overhauling his watch, a routine procedure in New Guinea's hot, damp climate. When Phil found how inefficient is man and how efficient his fountain pen and watch, he really appreciates both.

Several young men who have been in Meeks Bay for many years have been heard from during the past week. Jack Smith, navy man, son of Mrs. Edith Baker who is employed at Meeks Bay sailed for some unknown port some months ago to battle his way to peace. Darrell Kehlet, son of Fred Kehlet is studying in Virginia to become a naval athletic coach, while his cousin, Fred Kehlet, son of George Kehlet wrote from Africa that his outfit had received recognition for meritorious service in combat.

In a letter home, Seaman Bob Leamon said he had bumped into Seaman Sam Costa in a distant South Pacific port. The saying that the world is small is true but true.

Mrs. Frank Wilson former Hobart Mills and Truckee resident, writes from Murphys that Posten is a sergeant at Camp Gordon, Ga. and that LeRoy recently discharged is now with the forest service at Blue Canyon.

Billy Bechdel is getting the swing Batalea McGroen them etaintain of army life in the ski troops and had his first trip to Denver to see the sights.

DOGS STARVED AS THIEF WAITS REWARD

The "meanest man" will have to look to his seat and laurels when the person who chained up and starved for a week, two hunting dogs belonging to Rev. William Daly, is identified. Chamber Opposes Drawing Water Out Of Donner

Shattuck New President As Gaennie Resigns Chamber Post

Fearful that future demands of the Truckee-Carson Irrigation District on Nevada will result in defacement of the natural beauties of Donner Lake, the Truckee Chamber of Commerce Board of Directors Friday adopted a resolution vigorously opposing proposed sale of the water rights of the historic lake to the irrigation district and the Sierra Pacific Power Company.

Because the company he represents is involved in the controversy, F. W. Gaennie, Sierra Pacific Company manager, tendered his resignation as president of the chamber and V. C. Shattuck, vice president was automatically advanced to the position.

Gaennie emphasized the fact that his action in resigning was solely in a friendly spirit, but that consistently it would be unethical for him to represent the chamber in direct opposition to his company's policies. He retains his position as director on the local board.

Action of the chamber in opposing the contemplated rise and fall of the lake's surface to provide irrigation and power water, came after a letter was read from State Senator Jerrold L. Sewell containing information regarding the proposed water rights sale from Harold P. Norton, special representative of the department of public works. The letter said the application was originally filed on Dec. 5, 1928 by the Truckee-Carson Irrigation District for storage in long-drawn out negotiations between the district, the Truckee Meadows area at Reno, the Sierra Pacific and the government. These negotiations were concluded, the letter said and Boca reservoir was constructed.

The message pointed out that the present sill of the opening in the lake's outlet is at 5923.8 feet above sea level and the present maximum elevation is 5935.4. The sill of the proposed new gate which would be installed by the irrigation district and the power company would be 5918.25 feet or 5.55 feet lower than the present sill.

The legal situation, Edward Hyatt, chief of the water resources division, points out, was not entirely clear but that when action is necessary his office, which has broad powers under the Water Commission Act, will take action for the best interests of the state.

The local chamber directors fear that in years to come, unless the matter is settled immediately, the natural beauties of the lake will be destroyed.

NEW METHOD FOR MAILING ANNOUNCED

The new method of speeding up mail deliveries, through addition of a branch post office number to the address on mail deliveries in large cities, is being placed in operation rapidly. Reports from many cities indicate that it has been received enthusiastically by the press, postmasters, business concern and the public.

An example of the new type of address is: John C. Smith, 222 Mattapan Ave., Boston 8 Massachusetts.

The number after the name of the city indicates the branch post office or postal unit through which delivery is made.

Tragedy Averted By River Rescue

The prompt action of rescuers this morning saved the lives of John Rablin, 14, and his brother, Jay Rablin, 12, sons of John Rablin of Roseville, after the boys were caught in a waterwheel on the Truckee river opposite the F. F. Kearney ranch and nearly drowned.

Their screams for help attracted the young Kearney boy, who, unable to help them, called help with Constable N. F. Dolley, F. W. Gaennie, Chet Matson and Kearney, coming to the rescue as the trapped children were nearing exhaustion with only their faces out of the icy water and their feet caught under the big wheel. It took the combined and frantic efforts of the five men to extricate the hapless young fishermen, who are recovering from emersion and shock.

Sierra Sun Beams

by WALTER M. BARRETT

We are pleased to report that the Lake Tahoe-Sierra association got away to a flying start at the meeting this week with all resort owners and other businessmen of the area predicting a successful season, basing their conclusions on the reservations already received and the many encouraging notes of optimism from all sections. They were in mutual agreement on one concrete fact—the need for continued advertising. They realize—and this is a thought well worthy of full consideration—that if they suspend advertising this season it will take years to rebuild what has been accomplished in the past, with a possibility that they might never reach the peak obtained through a program of consistent newspaper advertising. This rule applies now only to Lake Tahoe, but to each and every advertised product.

The rise and fall of the Truckee river isn't helping the fishing much but angles report tributary streams producing fine limits with the Little Truckee, Prosser and others being more and more popular as the season advances.

We believe the chamber of commerce is more than justified in its protest against permitting irrigation districts or others from molesting the world-known natural beauties of Donner Lake. We do not believe in standing in the march of progress, but it's easy to predict what would happen should a dry year occur when the district would be called upon to supply more water than would be available and be forced to draw up on the Donner supply. A lake's shoreline is certainly not enhanced by the heavy drawing off of water and with its fine home sites, its appealing beauty and natural prospect for big future development, we cannot stand idly by and see these prospects ruined because a neighboring state or a power company or an irrigation district sees fit to capitalize on our biggest natural resource. We believe the chamber of commerce should be fully supported in its action by every individual and organization in the state of California.

CHANGES WILL BE MADE ON FACULTIES

There will be changes in the faculties of the two Truckee schools next fall, it has been announced by C. B. White clerk of the high school board and Mrs. Tillie Smith of the grammar school board.

The high school has reemployed Miss Marion Lothrop and John E. Brandlin as well as Principal G. E. Hofmann, but Miss Anna Marie Munro has accepted a position at Martinez and will not return.

Mrs. Audrey Klassen and daughter Virginia left for Oakland following the close of school and Mrs. Klassen who taught in the grammar school will not return. Tom Griffin also a grammar school teacher, left for San Francisco and was undecided whether he would return next fall.

Mrs. Smith went to the teachers' agencies in Oakland and San Francisco last week to ask about new teachers for the school, but due to the high wages paid in larger communities was not able, at this time, to secure anyone to fill the vacancies. P. R. Nelson was retained as the grammar school principal.

Optimistic Note Features Meet Of Tahoe Group

Advertising Campaign To Be Continued By Association

Optimism was the keynote of the meeting of the Lake Tahoe-Sierra Association held at Camp Richardson Tuesday when 75 guests were seated for the sumptuous dinner to discuss the future prospects for the West's greatest resort area.

Due to the absence of President Harry Comstock, his son-in-law and assistant manager of the Brockway Hotel, J. C. Bennett, presided after an introduction by George Kehlet of Meeks Bay.

The association will continue to function as in the past, boosting the many advantages of vacationing at Tahoe, but confining advertising to newspapers and keeping strictly in accord with the program suggested by the Office of Price Administration and other government agencies.

All those present expressed the belief that the approaching vacation season would equal, if not exceed, the results of last year.

All resorts are now open with the exception of a few which open later. With vacations essential during the high speed of war work, it was pointed out in many quarters that Tahoe and the adjacent area offers all that can be expected in a vacation for people in all walks of life and on all salary or wage brackets.

Howard Johnston of Pine Crest was named secretary to replace for the season Henry Droste, who is in war work and will not be up this year.

TRANSCIENT PICKS HIGHWAY FOR NAP

When Charles Dickson, 53, transient, decided he wanted a nap, he picked a poor place to slumber and when he finally awoke it was in the Truckee jail and he had a swell hang-over.

Dickson was arrested by officers of the state highway patrol on a drunk charge after he stretched out on Highway 40 near the edge of town and went to sleep. Several passing cars narrowly averted him before he was removed to the comparative safety of the local bastille.

Busy Hands... Busy Eyes
Now Need, More Than Ever

BETTER LIGHT for BETTER SIGHT

These are homey days, with the family auto restricted in use. There is fun and home-made relaxation within the family circle. Isn't it true in your household?

Consider this new appreciation of home that has come to all of us. Care and repair of clothes and the knitting of socks and sweaters keep needles flying in agile fingers. Good old games come into use or books set aside for future reading take on new interest. Truly hands and eyes are busy these days.

How easily we read or work or play depends on how easily eyes see to do these things. Just how easily we see depends greatly on the light by which eyes work. Conserve eyesight by Better Light for Better Sight. Equip your home with modern lamps and lighting fixtures. It is easy to do and costs very little.

Mr. and Mrs. Rudolph Zimmerman of San Francisco have arrived at their attractive lakeside home, Holiday House, to spend the season.

Mrs. John Reedy, accompanied by her sister, Miss Anne McDonald, will arrive today from San Francisco to open her hillside cottage in Timberland Tract.

Employed at the Homewood telephone exchange this season are Miss Arline Puckett, Miss Dorothy Lyons, Miss Elizabeth Sutton and Miss Lois Clausen all of Reno.

Guy Lukens, Placer county assessor accompanied by his local aide, Bob Watson was busy making the rounds of Tahoe last week.

Miss Winnifred Harris has returned from her Pasadena home to assist Rose Boylarides and Rosita Reynolds at the counter of Honeybunch Cafe this summer.

Mrs. Henry Zacharias and two sons of Sacramento will occupy the Mayfield cottage by the lakeshore in town for the summer. Zacharias, a member of the state board of equalization, will weekend with his family here.

Mrs. John Pingree and small charge Skipper, have returned to the lake after an absence of many weeks and is much improved in health. While in the bay region she underwent an operation which proved successful.

Miss Kathleen Starratt writes her mother that she and her friend Miss Betty Woolsey are visiting at the ranch home of Mr. and Mrs. W. Miller in Wilson, Wyoming for a short time, but plan to return to Tahoe soon.

Mrs. Ruth Ables and children, Shirley and Pete, are reported awaiting sailing orders in San Francisco which will take them back to Honolulu and Mr. Ables who is in charge of V mail for the Eastman Company there. The Ables visited at the Mayfield home for some time before departing for the bay area.

The lake level Sunday stood at 6228.89 with 602 CSF of water leaving the gates. Precipitation for the week ended Sunday totaled 1.04 inches. Rain has fallen for several days. Mornings and evenings are chilly.

WOMEN'S CLUB TO NAME OFFICERS AT NEXT MEETING

TAHOE CITY, June 10. Members of the Tahoe Women's Club held their first meeting of the summer at the home of Mrs. N. R. Mayfield, the president last Thursday. Ten ladies were present. Mrs. Mayfield called the group to order and Mrs. Evelyn Bliss acted as secretary. A report of the club's financial standing was read. No new business was taken up and will await the election of new officers today at 2 p.m.

A nominating committee was named with Mrs. Northie Pomin as chairman, Mrs. W. A. Simmonds and Mrs. Eleanor Swanson. It was suggested that members meet in the evenings and this suggestion will be voted on.

Tasty refreshments and bridge occupied the later afternoon hours. Those present included Mesdames Mayfield, Bliss, Florence Kilner, Irene Duffee, Beulah Carnell, Swanson, Harriett Valentine, Ida Simmonds, Nora Hevel and Northie Pomin.

Tahoe Schools

Mrs. Bliss Hinkle, principal, this week announces that over 80 have registered for the high school summer session to be held at the lake. Thirty or more of this number are looking for part time employment to help defray expenses.

Tahoe Briefs

The delivery problem will be greatly alleviated this summer by the Railway Express which announces it will make deliveries of groceries, etc around the lake.

Guests at the home of Mrs. Bliss Hinkle Saturday were Mr. and Mrs. Scott Emerson and son of Susanville and Mr. and Mrs. E. Just and son of Downieville who came to register for summer school for the boys.

Tahoe City residents will have to struggle along this summer with two less grocery stores than last year as the Weller Athertons last week purchased the stock in Sam's Market and the A. M. Andersons bought the stock of Crandall's Market at Tahoe Park. With the Turnage Market in town closed for the season, this will leave natives shy three stores.

More than 50 trucks filled with men and equipment passed through town over the weekend headed for army camp grounds near Al Tahoe.

Mrs. A. M. Anderson, local librarian this week announced that beginning June 14 she will open the library three days a week, Monday, Wednesday and Saturday from 2 to 5 p.m. Mrs. A. B. Johnson of Tahoe Park has graciously proffered her services and will assist in the work.

Fishing is reported better as the season advances. Saturday five nice trout were taken from Emerald Bay by a visitor and Sunday Charlie Swanson caught the limit from the lake in Sunnyside harbor.

Earnest Hoedler, who spent the winter at Covina, has returned to the lake, but announces that he will not attempt to open his lunch room near the Wye. Instead he will be employed at the Tavern.

TAHOE LETTER

To the Service Men
From SWANEE

Tahoe City, Calif.,
June 6, Sunday.

Dear Tahoeites:

Another Sunday has rolled around and this one finds me back at the lake where old man Winter appears reluctant to relinquish his chilly grip. Coming back from the heat of the valley into the dampness and rain has given me a lovely cold.

My visit to the Richmond area was terminated suddenly last Thursday, just as I was to view the interior of the shipyard. A telephone call to my old friends, the Harvey Halls, formerly of the Tahoe telephone exchange—in Alameda brought a luncheon invitation which I accepted gladly—and a further invite to ride with them Tuesday to Sacramento to view their lovely new home there. This I did, visiting at the same time the home of the Al Halls in the suburbs of Sacramento. Although they have lived at their present location only a year they have a small farm well under way with vegetables, berries, and fruit trees flourishing and rabbits and chickens furnishing proteins for the family dinner table.

Before leaving the bay area, I had the pleasure of contacting some of Tahoe's former residents, among them Mrs. Barbara Spitsen, whose mother, Mrs. Muriel Suddeth is visiting her before joining her husband in Brazil; Mrs. Phoebe Darlin, who sounded as jovial as ever and Mrs. Marie Henry whom the Halls and I visited at her apartment near Lake Merritt. Among other things Rie told us that—Pat had her tonsils out a couple of weeks ago and was eagerly awaiting more news of her appointment as meteorologist at the Reno airport—she has quit Pan American where she was employed for months.

Al Henry, Jr., bent on aviation, was reported having successfully passed his initial tests and was awaiting further orders. Rie on July 27 will make her fourth donation to the Red Cross blood bank. She told us an interesting tale of an attempted hold-up one night recently by an unidentified man who lost his nerve after stopping Pat and herself and pointing a gun at them, concealed in a pocket. When they refused to scare he took to his heels and hid in the brush. A squadron of 20 police later chased him and exchanged shots. They found his hat but he got away.

A week ago on Sunday visitors at Unalivi were Lt. and Mrs. Danny Clayberg of Cuba, Illinois. The young man had just completed his navigator's training course in Sacramento and was awaiting a transfer. It was their first trip to the lake and both enjoyed the day immensely. With their visit came a logical explanation of an incident which occurred some months ago when Charlie Swanson was employed as guard at the dam one night. That was the sudden and unexplainable burst of light which resembled a falling meteorite noted over the lake on a dark night. Lt. Clayberg now tells us that it was probably a star bomb, used by the aviators in night training, dropped from a height of 25,000 feet to indicate and check surroundings. He declared the south end of Tahoe has been "bombed" dozens of times by these high-fliers, who chart and "devastate" the entire area.

Today we entertained a Brooklyn boy, Joseph Zaretsky, fireman third class, stationed on one of the battle ships in the Pacific. He accompanied daughter Phyllis over from Reno where he has been spending a furlough, for his first look at Tahoe. Among other nice things he wrote in my guest book before dinner was the observation that he "never expects to see a more beautiful place than this." Following a row on the lake, he returned to the house to entertain us with his harmonica—with on mean ability! Aside from the small minnow he caught on the line today he had never fished in his life and gasped in astonishment when friend husband

returned with five nice trout. He called himself a Brooklyn cliff-dweller (term applied to those living in skyscraping apartments.)

I hear this week that Billy Bechtoldt, now in training at Camp Hale, recently made a neat record in rifle practice when he shot 126 with a .22 out of 150. Not at all bad for a young fellow still in rookie class!

Raymond Specht, son of Mr. and Mrs. A. R. Specht of Pinecrest, has been ordered to report for induction at the Monterey on June 17. The family left Tahoe for the bay area last weekend.

Rome Stark who has been working for the Tahoe Fish Hatchery has relinquished his job with the state and is now at the Shell Oil station in Truckee.

Rex Tollefsen, son of Mr. and Mrs. C. A. Tollefsen of Big Chief Camp on the Truckee river, is now employed on a large ranch near Auburn.

Had a letter Saturday from my neighbors, Lt. Com. and Mrs. John Kvistberg, now living at Avalon. Mrs. K. says her husband is now skipper of a boat and is far happier with a deck beneath his feet again. She plans to return to Tahoe at the end of June. Grandson Jimmie Easton, well known Tahoe boy, is now reported back at New York after having almost circled the world in his ship, and will soon return to Alameda to study for his second mate's license. She sends best wishes to friends at the lake.

I'm sorry I missed seeing the interior of the shipyards, but may have a chance when I go down to give my second pint of blood later on. Perhaps it is just as well though, as I learned many things on the outside which would not look well in print. It's hard to understand how intelligent people will believe the sabotage propaganda which finds its way among them. One woman from Minnesota was on the verge of pulling up stakes and taking her family home, because she had been secretly assured that the Japs were about to converge on the bay area and gas every living thing out of existence. I managed to laugh her fears away—although a visit from the Japs is not impossible.

Hope this finds you all in good spirits with faith in the cause you are fighting for and courage to back it up. Best of good wishes from the folks at home and happy landings.

Mrs. Nina Rogers visited in San Francisco for a few days last week.

Yours for victory and peace in '43.
